

ARHS 2021 SEED EXCHANGE

INSTRUCTIONS

Seed packets are \$3.00 CDN each for collected wild, \$2.50 CDN each for hand-pollinated and \$2.00 CDN each for open-pollinated seed. One packet per lot per person. More may be ordered but are subject to availability.

PLEASE list substitutes as quantities for some lots are small and more lots become unavailable as time goes on

Seed Lots that become unavailable will have a strikethrough 000_NLA

Seed list updated March 6, 2021

All orders must be on the [form provided](#) and should be received by February 28, 2021 for members-only. The Exchange will be open to the public after Feb. 28, 2021 until April 30, 2021

Send all orders to: Sharon Bryson, #407 Old Maryvale Rd., Maryvale, Nova Scotia B2G 2L1 CANADA
Please make your cheque or money order payable to 'Atlantic Rhododendron & Horticultural Society'. Add \$3.50 CDN for postage & padded envelope.

This year payments may also be made via e-transfer or PayPal. Use the address sbryson@ns.sympatico.ca

US regulations now require an import permit and a phytosanitary certificate. Seeds sent to the US will be shipped without a phytosanitary certificate and at the orderer's risk.

SEED LIST

Companion Plants - Open-Pollinated - \$2.00

- 160 SHA [Acaena microphylla](#) A prostrate mat growing evergreen herbaceous perennial that can reach 10 cm (4 inches) - Per
- 161 SHA [Actaea pachypoda](#), white baneberry typically grows to 30" tall and is primarily cultivated in woodland and shade gardens -Per
- 162 SHA *Actaea spicata*,

Baneberry - Per

- 163 SHA *Allium pskemense*, large [White](#) flowers - Bulb
- 164 BRY *Begonia grandis*, semi hardy begonia with beautiful foliage, [pink flowers](#) until hard frost; supplied as small tubers - Tuber †15
- 165 SHA *Deinantha bifida*
Perennial hydrangea relative, pale pink flowers, part shade - Per
- 166 SHA *Deinantha caerulea*
Perennial hydrangea relative, pale mauve flowers, part shade - Per
- 167 SHA [Diphylleia cymosa](#), Bold foliage plant for moist part shade. Small white flowers followed by dark blue berries held above foliage - Per
- 168 GRA *Echinacea purpurea*, white form - Per
- 169 SAN *Eryngium giganteum*, [Miss Willmott's Ghost](#) - Per
- 170 SHA [Gentiana lutea](#), Bold pleated foliage, spikes of yellow flowers to 5' high, full sun. - Per
- 171 SHA *Gentiana makinoi* 'Marcia' - Per
- 172 HOW *Hydrangea macrophylla* '[Blue Wave](#)'
Tall 6'-9', spread ~ 6' blue in acid soil ~zone 6 - from Annapolis Royal -Shrub (from 2020 exchange)
- 173 HOW *Hydrangea serrata* '[Blue Billow](#)'
Lacecap variety, slightly hardier than most ~4Ft. height - Shrub (from 2020 exchange)
- 174 GRA *Iris sibirica*, tall dark blue - Per
- 175 SHA *Lavatera cashmeriana* (Kashmir Mallow)
Large clear pink mallowlike blooms on stems to 4', hardiest of the Lavateras. - Per
- 176 SHA [Lilium canadense](#) - Bulb
- 177 WEA *Magnolia sieboldii* ex cw highest altitude Korea - Tree †16
- 178 BRY *Magnolia tripetala*, exotic foliage Upright habit, late bloom - Tree †16

- 179 WEA *Magnolia tripetala* Halifax Public Gardens †16
- 180 WEA *Magnolia virginiana* '[Moonglow](#)' - Tree †16
- 181 WEA [Menziesia ciliicalyx](#), dwarf form.
Has been reclassified as *R. benhallii*
Deciduous with blue-green foliage and nodding pink flowers. (Fr. 2020 Ex.) - Shrub
- 182 HAR *Paeonia daurica* subsp. *mlokosewitschii*
vigorous plants, nice yellow, fairly isolated from a pink 'obovata' - Per †17
- 183 HAR *Paeonia delavayi*, Potaninii Group
orange or yellow forms, upright, may reach ~5 Ft. over time. - Per †17
- 184 HAR *Paeonia rockii*, Pink forms '**HP exHalda wc**' †18
Tree Peony - Per †17
- 185 HAR *Paeonia rockii*, White forms '**HP exHalda wc**'
Tree Peony - Per †17
- 186 HAR *Paeonia rockii*, Pink and White forms '**HP exHalda wc**' Tree Peony - Per
- 187 BRY *Paeonia rockii*, Pink & White forms (formerly *P. suffructicosa*) †17
- 188 SHA *Papaver somniferum*, 'Sissinghurst White' - Per.
- 189 BRY *Phaseolus vulgaris*, 'Helda' Pole Bean
Romano type bean produces over the long season, it yields big, flat sided [pods](#) that average 9 inches Grows >6 Ft. - Annual

(*Primula* listed are from 2020 Exchange,

seed was plentiful, thus the decision to reoffer)

- ~~190 CHR *Primula candelabra* hybrids, a [mix](#)
Rosettes of toothed, crinkly leaves topped by imposing flowers. - Per~~
- 191 DAN *Primula floridiae*, Giant Cowslip - Large, fragrant, yellow blooms -Per
- ~~192 CHR *Primula secundiflora*, Chinese primula, perfect for growing at the edge of ponds/bogs.
Bell shaped raspberry [pink flowers](#). - Per~~
- ~~193 CHR *Primula vialii*, Vial's [primrose](#), plants ~18" with upright poker-shaped, red- tipped lilac-pink flowers, early - midsummer - Per~~
- 194 ROM *Styrax japonica*, [Japanese snowbell](#) - Tree
- 195 SHA [Uvularia grandiflora](#), large-flowered bellwort - Per
- 196 SHA *Uvularia perfoliata*, [Mealy Bellwort](#) - Per

FOOTNOTES

- †1. J&R Nielsen, Den.NN0903 S NE Yunnan, 2800m
It is allied to *R. decorum*, it grows in a very different habitat to that of *R. decorum*.
- †2. **ARHS 2004 #060** [('Yellow Pippin' x 'Cat's Pajamas') X ('Janet Blair' x Yellow #1)] X { ['Percy Wiseman' X (Yellow #1 x 'Jet Set')] X 'Capistrano' }
- †3. **ARS92 #608** = [('Big Deal' x 'Donna Hargrove') x ('Golden Star' x 'Catalgla')] x *R. wardii*
- †4. 'Madfort' (Henry Duponte) = ('Madonna' x 'America') x *R. fortunei*
- †5. aka "Beautiful Lady", shell pink, same as Belle Fontaine, but hardier
- †6. "Blue Heaven" clone from seed lot ARS2001#356 *R. degronianum* ssp. *yakushmanum* 'Exbury' x *R. pachysanthum* (RSF 78/064), grown by Bill Wilgenhof, propagated by VV Nursery
- †7. ('Helsinki University' . x 'Dr. Lutton') is Marty Carson's HP cross. "Rosalie's Wine" is a dark (*R. catawbiense* x *R. smirnowii*) cross from ARS seed 35 years ago. This is an attempt to bring darker color into the first plant which is shell pink and vigorous.
- †8. "K-8-02" Brueckner cross (*R. brachycarpum* *Tigertsedtii* x *R. smirnowii*) superb glossy, dark green foliage large stature plant
- †9. 'Scotian Sovereign' = (*R. yakushmanum* x *R. rex* ssp. *rex*) x *R. rex* ssp. *rex*
- †10. 'Queenswood Centenary' = *R. arboreum* x *R. yakushmanum*
- †11. *R. forrestii* is possibly var. *tumescens*. Low mounding very red, reliable good blooming plant. Grown from cuttings from Alleyne Cook 15 years ago. He claimed it was the best *R. forrestii* in his garden.
- †12. 'Fuju-kaku-no-matsu': selection of *R. makinoi*. very narrow indumented leaves
- †13. *R. auriculatum*, Peter Wharton collection July flowering (in Halifax) fragrant Elepidote
- †14. 'Odessa' = 'Fabia' Group x *R. smirnowii*
- †15. **Bulb or corm designation indicates the plant will produce a bulb or corm from seed**
- †16. Seed has been stratified. Store in fridge in plastic packet as received until March/April then sow in warm soil. **Seed will not be shipped until post-**

freezing temperatures.

- †17. **Peony seed will most likely need a double stratification. Alternate warm moist, cold moist, to stimulate the cotyledon sprout.**

[Summary here](#)

- †18. "ex Halda.wc" says that the parent plants were grown from seeds collected in the wild by the famous Czech collector Josef Halda from plants growing wild in the mountains of China. It is a guarantee of the highest integrity of the genetics of the seeds.
- †19. 'Fragrant Star' is a polyploid form of the deciduous azalea 'Snowbird' which was a natural hybrid between *Rhododendron atlanticum* native to the east coast of North America, & *R. canescens* found throughout the American south, as far west as Texas & north to Pennsylvania.

More information with photos for K. Theqvist [seed lots](#)

Parentage of cultivars used in the Theqvist crosses:

'**Cherry Kiss**': one of the best red flowered hybrids from Hachmann, very complex cross

'**Fantastica**': a red flowered yaku hybrid, 'Mars' x 'Koichiro Wada'

'**Fuju-kaku-no-matsu**': selection of *R. makinoi*. very narrow indumented leaves

'**Crimson Pippin**': *R. yakushmanum* x *sanguineum* var. *haemaleum*, dark red flowers

'**Koichiro Wada**': selection of *R. yakushmanum*, white flowers, nice indumentum

'**Kristian's Cute**': 'Kullervo' x 'Böhmen', a variance of colors, narrow indumented leaves, compact growth

'**Kristian's Moonlight**': 'P.M.A. Tigerstedt' x 'Alli', light yellow flowers, compact growth, good hardiness

'**Merja**': 'Helsinki University' x 'Böhmen', pink/orange/yellow flowers, compact growth, good hardiness

NOTES

1. Open-pollinated species, with the exception of a very few, may not come true from seed. Cultivars, with the exception of a few perennials do not come true. Plants from these seeds should be labelled as being "ex" that species or cultivar.

2. The 2021 Seed List will be posted on the Internet with insertion of images and links to help in your decision-making. Updates re availability will be posted there.

<http://www.willowgarden.net>

Follow the links for 2021 ARHS Seed Exchange.

A link to the list will be inserted on the Atlantic Rhodo site.

www.atlanticrhodo.org

3. See the ARHS website for an article on growing rhododendrons from seed.

4. When sowing rhododendrons on peat we recommend you sterilize it first. Microwave it for 15 minutes or pour boiling water through it several times. Allow to cool.

5. We would like to thank the seed donors for their time and

effort making crosses, collecting and cleaning seeds.
